NICK MAG PRESENTS

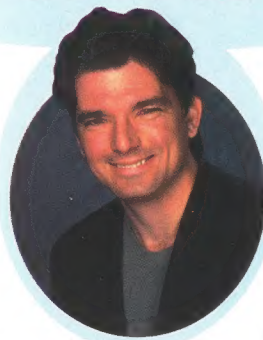

# A Fairly Odd Guy

We sat down for a chat with Butch Hartman, creator of *The Fairly OddParents*, during a visit to the Nicktoons Studio in Burbank, California. He told us a fair amount about his odd show.

**NICKELODEON MAGAZINE:**  
What are your favorite cartoons?  
**BUTCH HARTMAN:**

I love anything by Tex Avery [one of the creators of Bugs Bunny, Daffy Duck, and others]. I also love *The Simpsons*.

**Are the rest of the characters based on your family?**

I never really sat down and said, "I'm going to write a cartoon about my family."

I just wanted to write a cartoon about a kid who's sick of his life and who wants to escape. This is his chance to escape.

**Did you ever draw any of the cartoons you watched as a kid?**

I used to practice Fred Flintstone all the time. I think that's where my drawing style comes from. That's why my stuff is very graphic and flat. I latched onto the first thing I saw—kind of the way a baby duck would.

**How would you describe Timmy?**

Timmy is actually based on me. He's a kid who's smarter than all the adults around him, but he's powerless. He's aware enough to know that things around him aren't exactly as great as they could be.

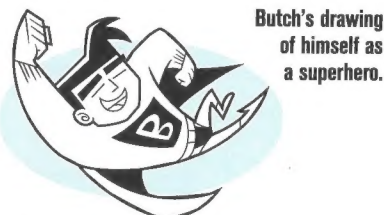

**BOWLED OVER** (clockwise from top): Timmy, Wanda, and Cosmo scare up a big surprise for Vicky.

**Why did you name him Timmy?**

He's named after my youngest brother. I was going to name him Mike, after my older brother, but we had a fight that day. So I named him after Timmy instead.

**Why did you include magic in the show?**

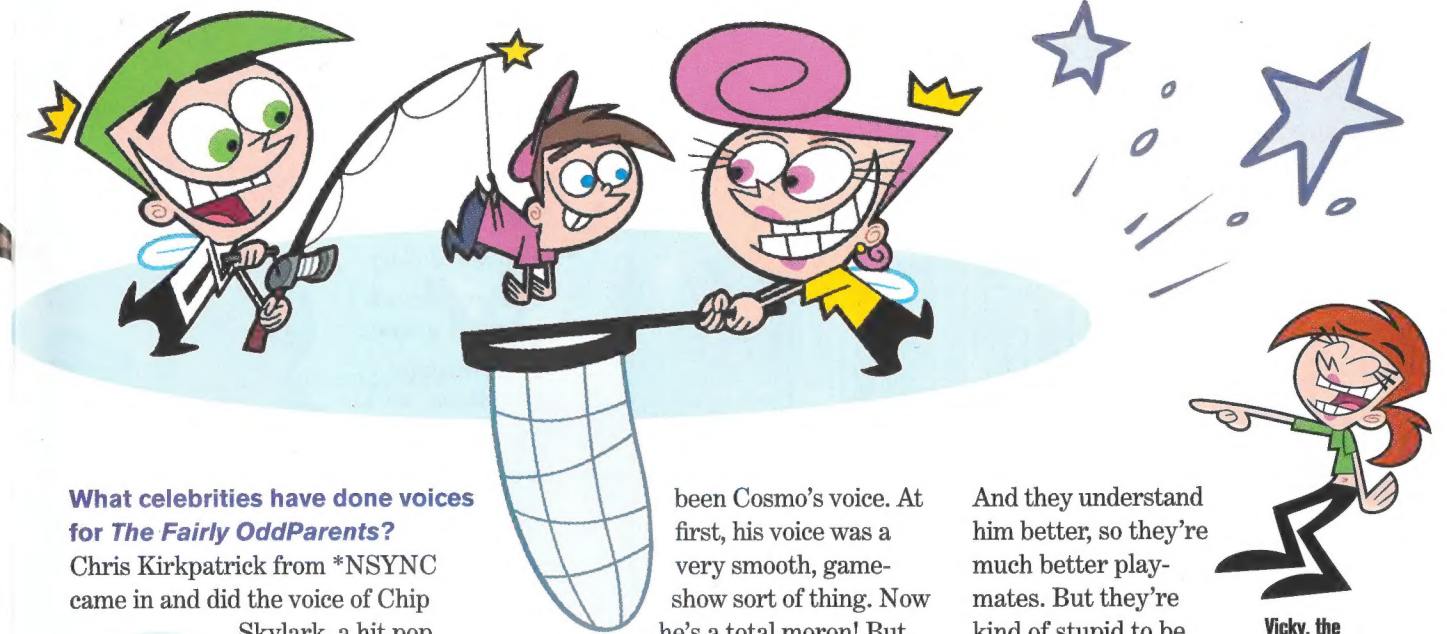

I wanted a show that would be easy to write. I thought magic would be easy. But it turned out to be the hardest thing to write about, because there are so many possibilities. You have too few limitations—and characters have to have limitations, the way Superman has Kryptonite.

Butch's drawing of himself as a superhero.

**What magical power would you like to have?**

I think flying is the first thing I would wish for.

**What celebrities have done voices for *The Fairly OddParents*?**

Chris Kirkpatrick from \*NSYNC came in and did the voice of Chip Skylark, a hit pop

singer who comes to Timmy's town. Chris is a huge cartoon fan. He not only did the voice for us, he also sang two songs, "Ticky Vicky" and "My Shiny

Teeth and Me." Frankie Muniz originally did the voice of Timmy's friend, Chester. He was really funny to work with. And Tom Kenny, who is the voice of SpongeBob, does a couple of voices on the show as well.

**How did you come up with Cosmo and Wanda as the names of the OddParents?**

I wanted spacey, magical names. Cosmo is like *cosmos*. Magic wand is where Wanda comes from.

**How has the show changed since you first created it?**

Wanda's original name was Venus. But the biggest change has probably

been Cosmo's voice. At first, his voice was a very smooth, game-show sort of thing. Now he's a total moron! But

he's a lot more lovable and funny. And Dad has changed, too—Cosmo and Dad have become complete morons. Also, the parents didn't have faces in the beginning. We just showed them from the neck down.

**Do you think that Cosmo and Wanda are better for Timmy than his parents?**

Cosmo and Wanda are like kids themselves, so they're a lot more fun for Timmy to hang around with.

Timmy's dad, Mr. Turner.

Timmy's mom, Mrs. Turner.

And they understand him better, so they're much better playmates. But they're kind of stupid to be parents.

**How did Timmy's terrible baby-sitter, Vicky, originate?**

Vicky is probably based on the horrible nightmare of a baby-sitter everyone has had. The show needed an adversary who was in the house all the time.

**Do you think you were tough to baby-sit for?**

No, I was very good with baby-sitters—I was always in the corner, drawing pictures. □

Vicky, the baby-sitter.

Psst—here's your hint for the maze. Use a pink POOF cloud first and a green POOF cloud last. Hope that helps, kid.

# Wishful Thinking

# How to Draw Timmy

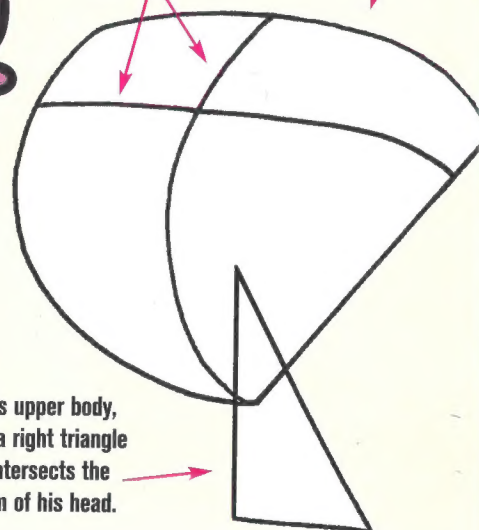

Draw Timmy Turner by following these step-by-step instructions. Some steps require erasing, so be sure to use a pencil with a good eraser.

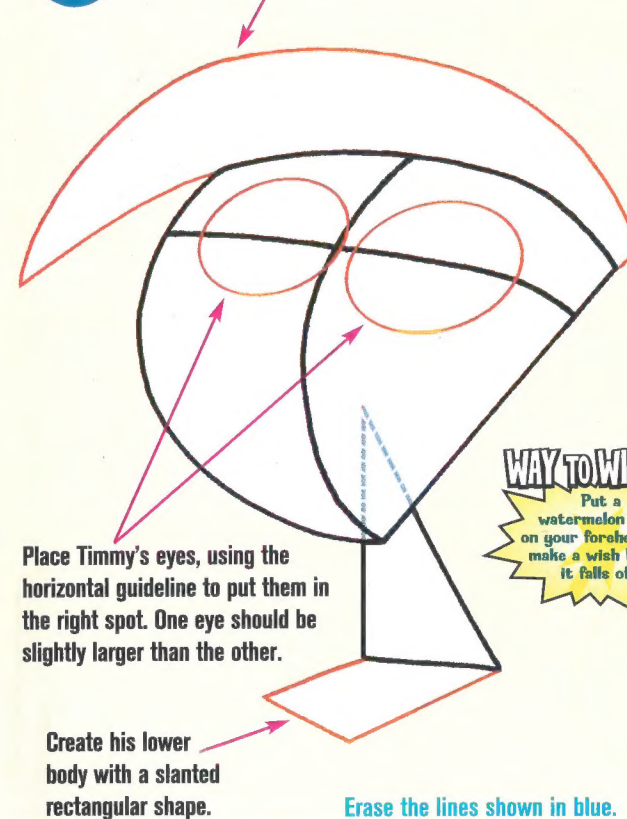

**1** Draw Timmy's head.

Add a curved T guideline. The top of the T should be in the top quarter of his head.

For his upper body, draw a right triangle that intersects the bottom of his head.

**2** Draw a banana shape for the hair. The pointy side should hang over his head.

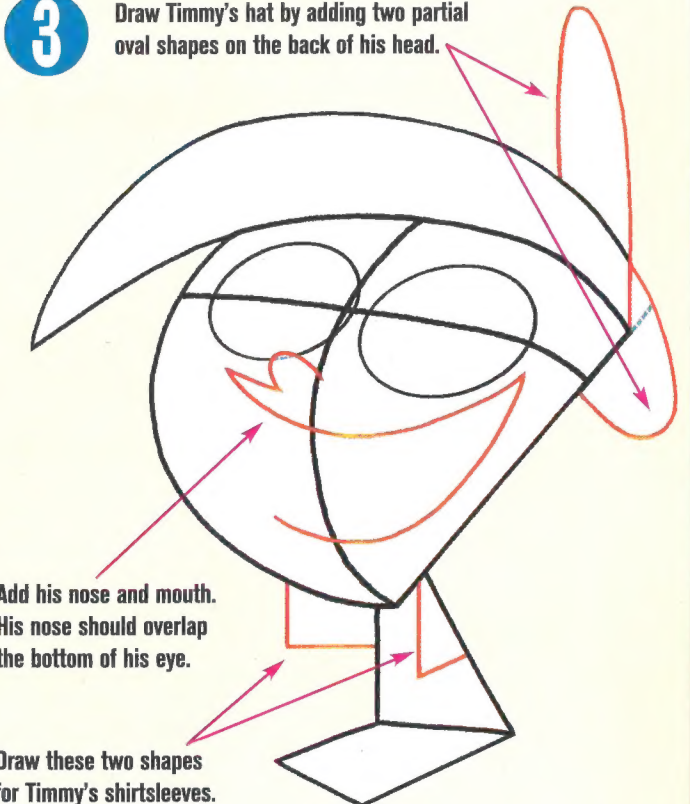

**WAY TO WISH #3**  
Put a watermelon seed on your forehead and make a wish before it falls off.

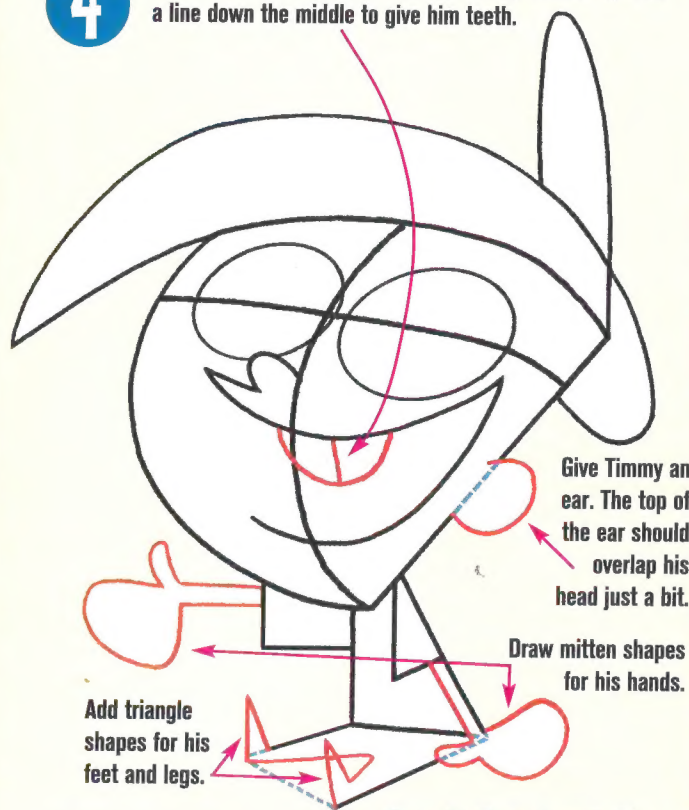

**3** Draw Timmy's hat by adding two partial oval shapes on the back of his head.

Add his nose and mouth. His nose should overlap the bottom of his eye.

Draw these two shapes for Timmy's shirtsleeves.

**4** Draw a semicircle in the middle of Timmy's upper lip. Add a line down the middle to give him teeth.

**5** Add a curved line from the middle of his teeth to the point where the vertical guideline meets his bottom lip.

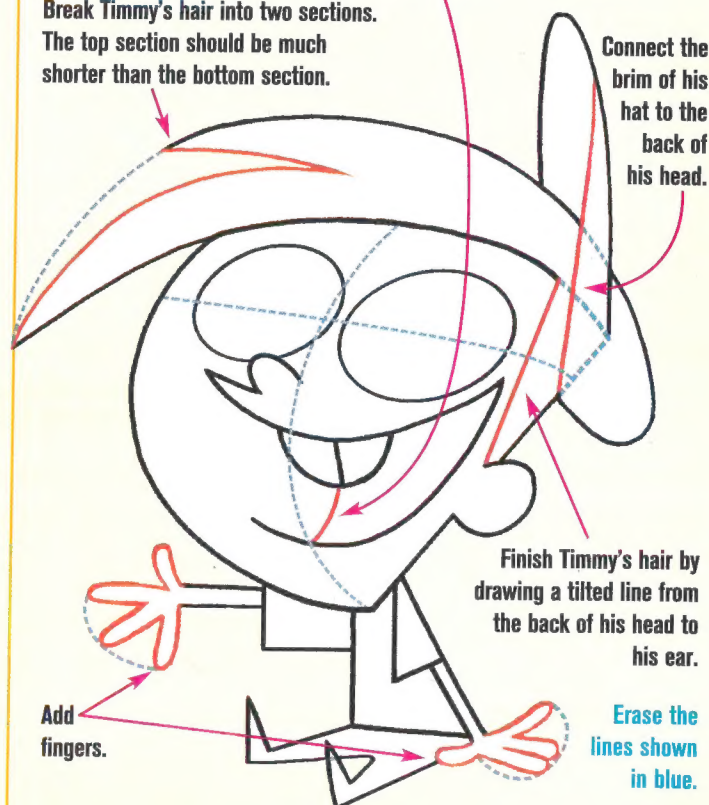

Break Timmy's hair into two sections. The top section should be much shorter than the bottom section.

Connect the brim of his hat to the back of his head.

Finish Timmy's hair by drawing a tilted line from the back of his head to his ear.

Add fingers.

Erase the lines shown in blue.

**6** Add pupils to Timmy's eyes.

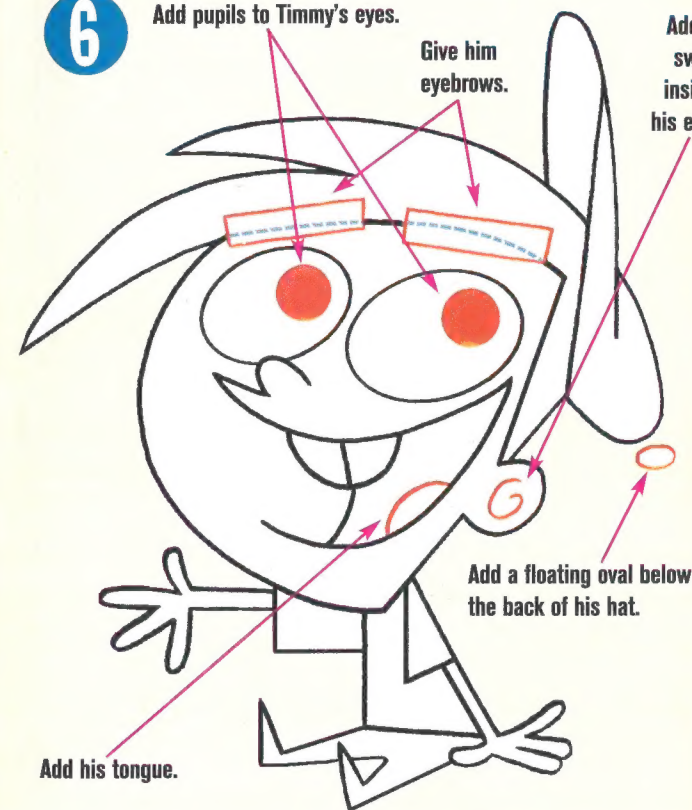

Give him eyebrows.

Add a swirl inside his ear.

Add a floating oval below the back of his hat.

Add his tongue.

Erase the lines shown in blue.

# SCENE OF THE RHYME

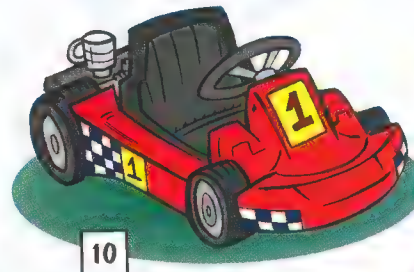

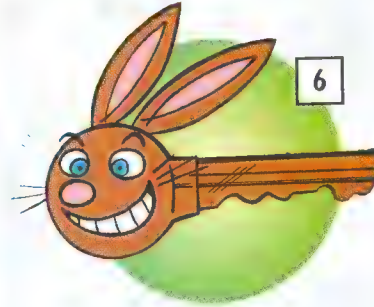

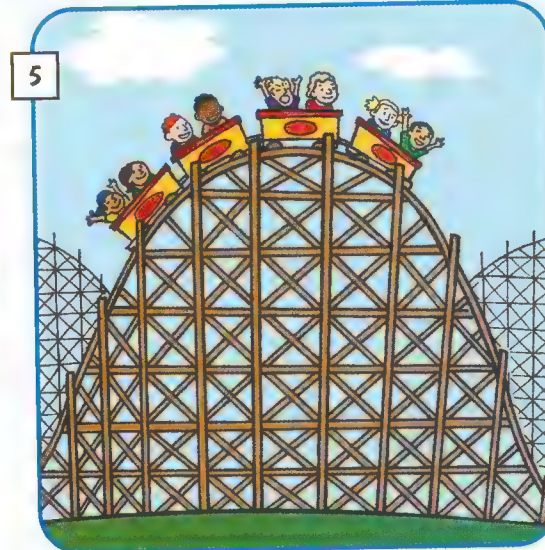

**WAY TO WISH #4**  
If you accidentally put on a piece of clothing inside out in the morning, leave it that way until noon and then make a wish on it.

Timmy made eight wishes. Unfortunately, Cosmo had some hearing (and thinking) problems, so he conjured up eight things that rhymed with what Timmy wished for. Can you find the eight pairs of rhyming wishes on these pages? (For example, number 6 is a "bunny key" which rhymes with—well, we'll let you figure that out.) Hint: Cross off the pairs as you solve them. **Answers on page 55.**

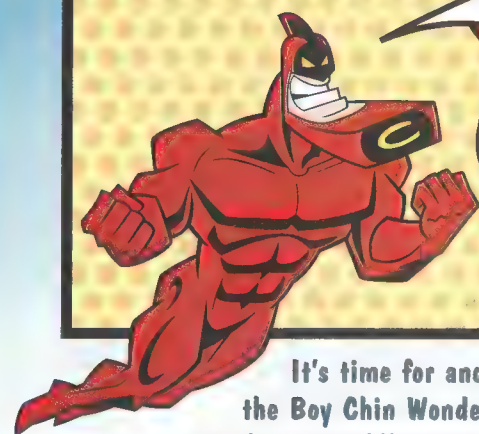

**WAY TO WISH #5**  
When you have a potato chip with a bubble in it, put the whole chip in your mouth and chew exactly ten times. Make a wish as you swallow.

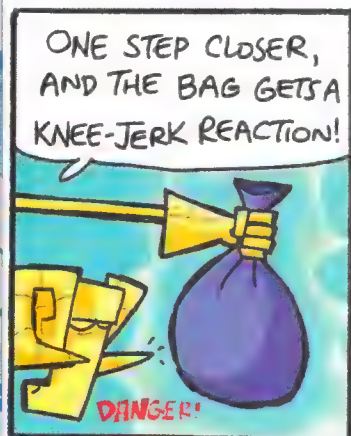

# CREATE A CRIMSON COMIC

by C.H. Greenblatt

It's time for another thrilling tale of the Crimson Chin and his faithful sidekick, Cleft, the Boy Chin Wonder! We started off the story for you, but we don't know how it ends—or even how it middles. Who will win? Who will lose? Who will get hit by a flying carrot? That's for you to decide. Follow the instructions and make this Crimson caper all your own.

1. Carefully tear out this page and the next page.
2. Cut out the 16 panels on the next page. Notice that they're double-sided, so you really have 32!
3. Now finish the comic by arranging the panels any way you like. You decide the plot twists and how short or long the story should be.
4. If you're feeling adventurous, cut out the first six panels on this page. Now, with a total of 38 panels, you can make all-new comics from start to finish.

Will our heroes win, lose, or jaw?  
It's up to you!

# DISAPPEARING ACT

by Steve Ryan

Timmy wants to visit A.J., but he has to avoid vicious Vicky and creepy Mr. Crocker. In order to make sure he isn't spotted, Timmy will have Wanda and Cosmo POOF him around town. Follow Da Maze Rules and get Timmy to his pal in one piece! (Make sure you use a pencil with a good eraser.) Answer on page 55.

## Da Maze Rules

- When Timmy enters a POOF cloud, he is magically transported to the other POOF cloud of the same color.
- Before reaching the FINISH, Timmy must use all of the POOF clouds: blue, pink, green, and yellow (not necessarily in that order).
- Timmy cannot travel over the same path twice.
- Timmy can't pass Vicky or Crocker.

Wish you had a hint?  
Go to page 3 for some fairy helpful info.

## WAY TO WISH #6

When you see a ladder, cross your fingers and make a wish. For the wish to come true, keep your fingers crossed until you see a dog.

# WISH WOULD YOU

**Kazaam**

**Anya**

**Jeannie**

## CAST A SPELL IN

**Kazaam**  
(1996)

**Buffy the Vampire Slayer**  
(appeared 1999–2003)

**I Dream of Jeannie**  
(1965–70)

## CLAIM TO FAME

This 5,000-year-old genie lived in a boom box. Maybe that's why he broke into a painful rap duet with his bratty kid master, Max. It could have been worse. They could also have danced.

At her peak as a vengeance demon (see *inset above*), Anya sent obnoxious Cordelia Chase into a vampire-filled parallel universe.

Astronaut Tony Nelson found Jeannie's bottle on a deserted island and freed her. After several years of magical hijinks, the kooky couple finally got married.

## POWER PROS

Kazaam can make it rain chocolate bars and hamburgers. You will believe French toast can fly.

Anya's magic is very strong—and hard to undo. So think twice if you wish your boyfriend were a donkey. He might still want to date you.

Because she has no limits, she will grant wishes just for fun. Plus, she doesn't mind being carried around in your pocket.

## CONJURE CONS

Kazaam's powers are rusty, he's more interested in rapping than in magic, and his jokes don't make any sense. But hey, this genie can ride a bike!

She only grants vengeance-related wishes to women. If you're a guy, or a girl who just wants a private jet, look elsewhere. She's also afraid of bunnies.

Because she has no limits, she will always get you in trouble. Do you really want snow in your living room? Okay, maybe you do.

## FAIRY FACTOID

If his rapping career fails, Kazaam can always fall back on basketball. He's played by NBA All-Star Shaquille O'Neal.

In the year 880, Anya turned her boyfriend Olaf into a troll. This set her on the path to granting wishes to cranky women.

The mega-popular Jeannie was never allowed to show her navel on TV, no matter how many viewers wished for it. Sometimes less is more. Are you listening, Christina Aguilera?

### WAY TO WISH #7

If you find a key that someone else has lost, make a wish before picking it up. If you find the owner, there's a good chance the wish will come true.

# CHOOSE?

Are you in the market for a fairy godparent of your own? Since I've already got Cosmo and Wanda (and no, you can't borrow them), take a look at these other folks from TV and movies who are famous for granting wishes. Maybe one of them will do the trick...

by Frank Pittarese

**Genie of the Lamp**

**Fairy Godmother**

**Aladdin**  
(1992)

**Cinderella**  
(1997)

The goofy Genie helped Aladdin defeat the evil Jafar and win the affections of Princess Jasmine.

She made a musical love connection between Cinderella and the Prince. It worked so well that those crazy kids got married after just one date.

He does comical impressions, sings, and will gladly fudge his three-wish limit with his "phenomenal cosmic powers."

She can turn mice into horses, a pumpkin into a coach, create designer clothes out of thin air, and sing circles around those *American Idol* wanna-bes.

Genie is a little hyperactive and talky, so keep some aspirin handy. Also, he can't make anyone fall in love with you—kind of like some odd fairies we know.

Her magic expires at midnight. Wear a watch or suffer the consequences.

Even after being forever freed from his lamp, Genie stuck around to help—and pester—Aladdin. They even got a Saturday morning cartoon out of the deal.

This tuneful Fairy Godmother was played by pop star Whitney Houston. She could solve your problems and cut a gold record at the same time.

### WAY TO WISH #8

According to Japanese folklore, a person who makes one thousand origami cranes will have a wish come true.

# How to Be Lcky Like Vicky

Is baby-sitting sweet little tykes your dream job? Awww! Well, WISE UP! Kids are loud and lazy. They smell like stale tacos and dirty sneakers. And they ALWAYS get between you and the TV set. If you still want to tend to twerps, you're gonna need some help, so here are a few things I always keep in my bag of tricks.

by Frank Pittarese

\* **Camera.** Nothing keeps an annoying kid in line better than a photo of him in his underwear. Or him picking his nose. Or him, in his underwear, eating what he picked out of his nose. I've got a special delivery and it's called BLACKMAIL.

\* **Nail Polish.** Why should a sitter just sit around and do nothing when she can sit around, do nothing, and be pampered? Every brat should be trained to give manicures and pedicures—and good ones, or else!

\* **Batteries.** For the remote control, of course. If your backup batteries fail, get the kid to stand by the TV and switch the channels for you.

\* **Games.** Mr. and Mrs. Cash-Money love to think you're going to play with their "precious angel." Of course, there really shouldn't be anything inside the game boxes. Otherwise, the kid may *actually* have fun. And fun is BAD.

\* **Toilet Scrub Brush.** Kids. Toilets. Cleaning. Is there a better combination on Earth?

\* **Chalk.** Take the little mutant into the backyard and draw a "magic circle" on the ground. Make him stand in the circle and tell him that if he leaves it, he'll turn into a monkey. Lots of kids believe in that magic stuff and will stand there FOREVER.

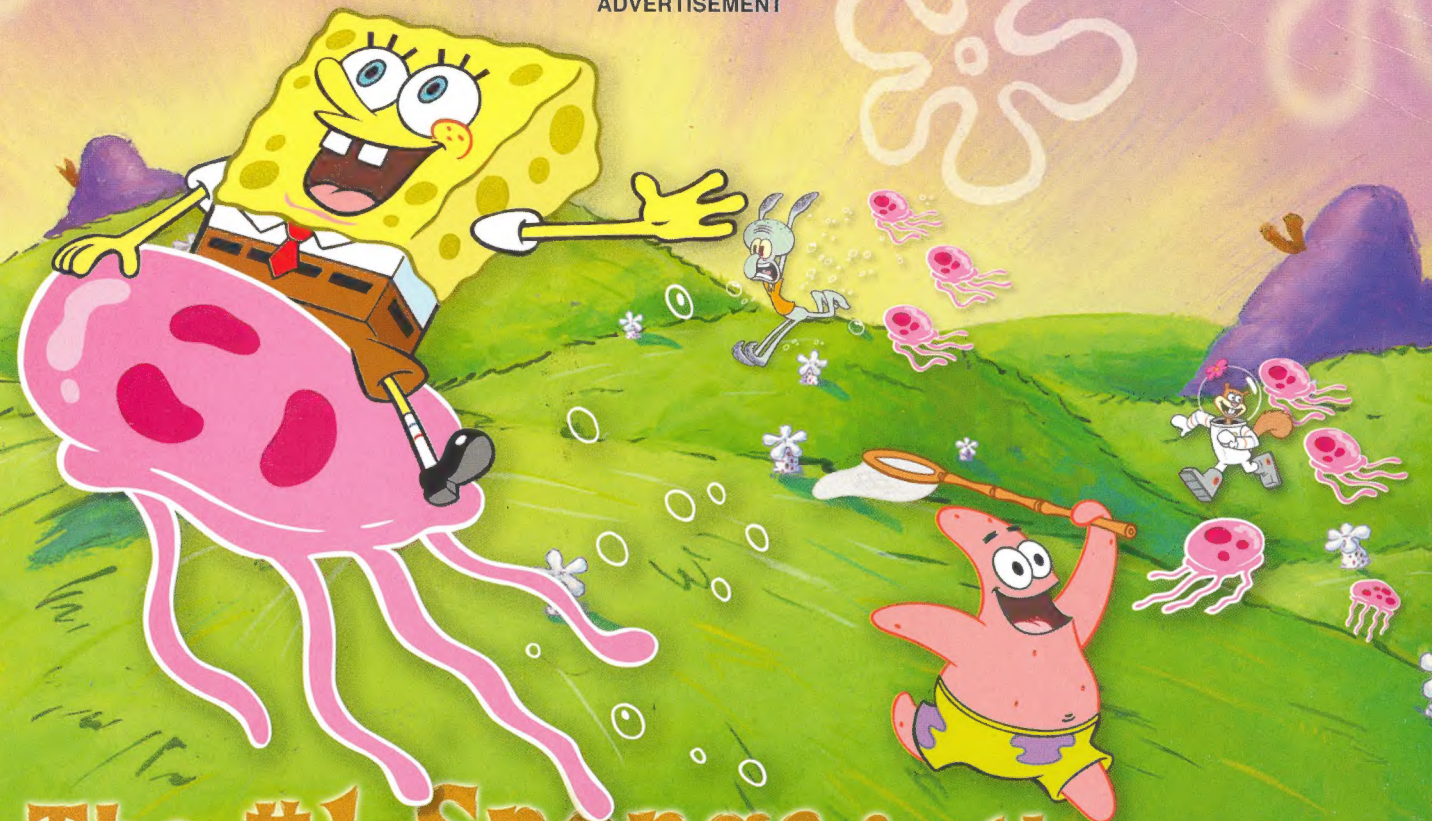

Got any questions? Well, SAVE 'EM, I'm not the Answer Fairy! And don't forget to send me my share of any tips you make. What, you thought I was helping you for FREE? HAI!

WAY TO WISH #9

If you see a car with only one of its headlights lit, say "perdididdle" and make a wish as you touch your nose.
